TECHNICAL DATASHEET

Certified Safety. Intelligent Value.

Heavy-Duty S5 Safety Wellington Boots

Economical Safety Protection

Model: W-6050 | SteelGuarder

Toe Cap Protection | **Anti Penetration** | **Slip Resistance** | **Fuel Oil Resistant** | **Shock Absorption** | **Heavy Duty Outsole**

Technical Specifications

Upper	Waterproof PVC Upper
Lining	Quick-Dry Abrasion Resistant Mesh Lining
Outsole	Heavy-Duty Slip Resistant PVC Outsole
Toe Cap	VortiGard™ Steel Toe Cap (200J)
Midsole	FlexBarrier™ Steel Midsole (1100N)
Size Range	EU 37–47 | UK 3–13 | US 4–14
Height	Approx. 17cm/ 6.7 inch (EU 42)
Weight	Approx. 980g / shoe (EU42)

Core Technologies

- **VortiGard™**: Impact & Penetration Protection
- **Endravax™**: Waterproof Protection System
- **Korvanta™**: Flex Durability Technology

Performance Notes

- **SR:** Slip Resistance Performance
- **FO:** Fuel Oil Resistant Outsole
- **E:** Energy Absorption in Heel Area

Toe Protection & Anti-Penetration
Integrated impact and penetration protection for demanding workplaces.

Endravax™ Waterproof Protection
Reliable waterproof performance for demanding wet work environments.

Korvanta™ Flex Durability
Enhanced flex-zone design to reduce cracking under repeated flexing.

Recommended Applications:

Manufacturing | Construction | Agriculture | Farm | Light Industry

Avaibable Color:
